English Setter / Pointer _____ Male / Female _____

A deposit of \$500 is required to reserve a puppy. You will be added to the reservation list of your preference—setter or pointer, male or female—in the order of deposit receipt. When pregnancy is confirmed for the breed of your choice, you will be contacted.

The deposit will be applied to the total cost of \$1,495. The balance will be due at time of litter dispersal when the puppies are eight weeks of age.

The litter could be dispersed from Georgia or Minnesota. You can either pick up your puppy in person or Northwoods Bird Dogs will be happy to facilitate airline shipping. Additional costs are associated with airline shipping including charges for crate and health certificate.

Owners who pick up their puppies in Minnesota are required to pay Minnesota state sales tax.

Payments must be made by check or cash.

Thank you!
